THE NEXT
GENERATION
AGRICULTURAL
EVENT.

GET CONNECTED. GET RESULTS.

AG CONNECT Expo is the new agricultural show in North America that brings together experts and leading manufacturers from around the globe. With an extensive technical programme and a host of co-located industry events, it represents the next generation agricultural event in North America.

WHAT SETS AG CONNECT EXPO APART?

AG CONNECT EXPO OFFERS YOU

- Personal access to company executives on the show floor
- One-on-one conversations with technical experts and product developers
- A glimpse five years into the future through executive insights and new technologies

WHO ORGANISES AG CONNECT EXPO?

AG CONNECT Expo was developed by the industry for the industry. It is owned and produced by the Association of Equipment Manufacturers (AEM). AEM is the U.S. based international trade group representing the off-road equipment manufacturing industry. Its 800-plus members manufacture equipment, products and services used worldwide in the agriculture, construction, forestry, mining and utility sectors.

AEM's strategic partners in Europe are AGRITECHNICA – the world's leading agricultural machinery exhibition – and DLG International GmbH. In this capacity, DLG International provides services for European AG CONNECT Expo visitors and exhibitors.
